Your primary medical network is Cigna.

Your medical network is a group of health care providers. It includes doctors, specialists, hospitals, surgical centers and other facilities. These health care providers provide services at a lower rate, which you will see reflected on your statements as a discount.

There may be times when you decide to visit a doctor who is out-of-network, and those costs are always higher. There are no discounts with these out-of-network services, and you will be responsible for paying the difference between the providers full charge and the amount your plan pays for. This is called balance billing.

To check that your provider is in-network, please visit CargoSolutionBenefits.com, and click "Find a Doctor."

Magellan Rx

Your pharmacy benefit manager is Magellan Rx.

Pharmacy Benefit Managers (PBMs) reduce prescription drug costs and improve convenience and safety for consumers. Magellan Rx administers your prescription drug plan, and offers home delivery of medications and a network of pharmacies offering more affordable medications.

Talk to your provider about lower cost alternatives! Generic drugs are important options and offer the same dosage form, safety, quality, and performance characteristics of brand-name drugs.

The same prescription rarely costs the same from store to store. Be a savvy consumer and price compare your prescriptions at different pharmacies to get the best price. Check out Wal-mart's "\$4 Prescriptions," and don't forget Sam's Club and Costco - you don't have to be a member to access their pharmacy!

Did you know there are coupon and price comparison sites for prescriptions? Check out these sites and see if you are paying too much:

Boost Your Baby offers a light and friendly approach to reach pregnant members. It is a non-clinical support system for future moms.

Moms-to-be are identified, assisted, and followed by a Mommy Mentor to support a healthy pregnancy.

Visit www.boostyourbaby.com, or call 800-808-4848 to learn more.

CARE MANAGEMENT

If you require medical services like a surgery, hospital stay or are diagnosed with a complex medical condition, you may receive a call from one of the HealthEZ nurses.

The nurse is there to help you understand your treatment options, coordination of services among your doctors, and to make sure you have everything you need for a quick recovery with the right care in the right setting.

CHRONIC CARE MANAGEMENT

We help members manage chronic conditions like diabetes, hypertension, and high cholesterol. We provide education, diet and exercise tips. We can even provide referrals to providers, make appointments when necessary, and order your medical supplies for you!

HealthEZ's team of health care professionals believe that partnership and realistic support are the keys to lasting change.

The EZFit program makes it easy for members to get credit for health club workouts.

Members in this program can receive up to \$20 per month towards club membership costs if they meet the required days per month. The program covers up to two people per household who are 18 years of age or older (\$40 per family).

If you are interested in participating, please reach out to the LivEZ team at LivEZ@healthez.com or 1-800-948-8824
